

Electro Contact Cleaner

Available sizes:

15212001	Electro Contact Cleaner 1 L
15212005	Electro Contact Cleaner 5 L
15212010	Electro Contact Cleaner 10 L
15212028	Electro Contact Cleaner 28 L

Accessories:

15810001	Adapter for WSD 400,
15811002	Spray-Valve set for WSD 400,
15811400	Pressurized-Air Spray Can WSD 400,
15830001	Adjusting Valve for cans, 5 L & 10 L
15831001	Adjusting Valve for cans, 28 L
15841500	Pump-Dispenser WPS 1500, 1,5 L
15841501	Extension for WPS 1500,
15842001	Pump Dispenser,

cleans and degreases electronic or mechanical components

WEICON Electro Contact Cleaner is a special cleaner for the fast and effective cleaning and degreasing of all kinds of soiled or corroded contacts. WEICON Electro Contact Cleaner was specially developed for the cleaning of electrical and mechanical components. The special formula with high-purity solvents removes oxide/sulphide layers, combustion residues and resinous or sooty soiling.

WEICON Electro Contact Cleaner reduces voltage loss and increases electric conductivity. Contamination that can cause tracking current is removed. It can be used on electrotechnical or mechanical components such as electrical machines, measuring instruments, tools, balances, switches and sensors or electrical connections, contacts, relays and switchboards.

Technical Data

Odour	almost odourless
Storage stability	24 months
Features	evaporates without residues
Colour	clear
AOX-free*	Yes
Suitable for application with	WSD 400 and WPS 1500
IMPA-Code	551582/83/84

* AOX = Adsorbable Organic Halides (chlorine, bromine and iodine compounds)

Storage

<p>Keep in closed original container. Protect from direct sun light. Storage temperature may not exceed +50°C. Store container in a cool, dry and ventilated place.</p>

Safety and health

<p>When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.</p>

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
