Metal-Fluid

universal use cleaning, care, protection

WEICON Metal-Fluid is a care and cleaning product for indoor matt and polished surfaces and has an NSF approval.

WEICON Metal-Fluid protects, cleans and cares for both metal surfaces and ceramics, wood, glass and plastics. It does not dissolve etched and printed markings or plastic surfaces and rubber seals.

Technical Data

Odour	almost odourless
Features	antistatic effect
Storage stability	24 months
Colour	milky
ISSA-Code	53.402.30/31
IMPA-Code	45 08 17/18

Processing

To be used at room temperature. Shake can thoroughly before use. Spray a sufficient quantity of WEICON Metal Fluid onto the surface, distribute the material homogeneously and polish with a dry cloth. Badly soiled surfaces, e.g. in kitchens, must be cleaned with appropriate cleaning agents prior to application.

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
