

# Plastic Cleaner

## degreases and cleans sensitive surfaces

WEICON Plastic Cleaner cleans, degreases and evaporates without leaving residues. WEICON Plastic Cleaner can be used to clean and degrease sensitive surfaces such as plastics, rubber materials or powder-coated metal parts.

Plastic Cleaner can be used, for example, on window frames, roller blinds, plastic profiles, seals or lacquered flanges in many industrial applications.

## Technical Data

Odour	<a href="#">citrus</a>
Features	<a href="#">solvent-free, biodegradable</a>
Storage stability	<a href="#">24 months</a>
Colour	<a href="#">colourless</a>
AOX-free*	<a href="#">Yes</a>

## Processing

Spray the part that is to be cleaned thoroughly and if necessary wipe it off with a clean cloth. Repeat this action in the event of stubborn stains.

## Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

## Safety and health

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets ([www.weicon.com](http://www.weicon.com)) must be observed.

## Available sizes:

11204500 Plastic Cleaner 500 ml

### Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
