

Stove Glass Foam Cleaner

Safety and health

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes:

70201400 Stove Glass Foam Cleaner 400 ml

powerful foam cleaner | environmentally neutral

The powerful Stove Glass Foam Cleaner easily removes soot, dust, ashes, and other dirt from fireplace glass panes. It immediately takes effect after application and reliably loosens unappealing soiling from the stove glass fast and without tedious scrubbing.

The Stove Glass Foam Cleaner is equally suitable for tiled stoves as well as other fireplace systems – such as pellet, wood- or coal-burning stoves.

The Stove Glass Foam Cleaner is highly efficient, yet eco-friendly: The cleaner is safe for the environment, biodegradable, free of phosphates and formaldehyde, and contains no corrosive or caustic substances.

Technical Data

Odour	citrus
Features	biodegradable
Storage stability	24 months
Colour	white

Processing

- Shake Stove Glass Foam Cleaner well before use
- Apply to the cooled down* stove glass from a distance of approx. 25 cm
- Allow the foam to take effect for approx. 1-2 minutes
- Wipe off with a clean paper towel
- Done!

In case of stubborn soiling, repeat the procedure or allow the foam cleaner more time to take effect.

*Only use when fireplace is cold.

Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
